TO ENLIST CHILDREN

Plans Made to Interest Them in Work For the American Red Cross—Campaign to Begin Feb. 12.

Washington, Feb. 4.—Plans have been made and soon will be in operation for the direction of the patriotic activities of all the school children of the United States into one channel—The Junior Membership of the American Red Cross.

Beginning February 12, Lincoln's Birthday, and continuing until Feb. 22, Washington's Birthday, enrollment work will be carried on to bring all the children in the 360,000 schools of the country into the Red Cross Junior Membership.

The plan agreed upon provides that all the childrens" organizations which are to participate in the general Junior Membership movement will retain their individual identities although operating hereafter through the Junior Membership.

The movement to combine, in the Junior Membership of the American Red Cross, the patriotic activities of all school children, has the support of the leading educators of America. Not only this, but the Federal Department of Education, the National Educational Association, the War Savings Committee, the Department of Agriculture, and the Food Administration sent representatives to the recent conference at which the plan was agreed upon. His Eminence James Cardinal Gibbons is a member of the Honorary Advisory Committee for the Enrollment plan of the Junior Membership and School Activities of the Red Cross; and Archbishop Hanna, California, has given the plan his support.

The Junior Membership will work through its school auxiliaries of which there are now 2,531 the total membership of which is 860,741. It is expected that this number of auxiliaries will be immensely increased in the forthcoming campaign, during the period of enrollment—February 12 to 22.

BOY SCOUTS ANNIVERSARY.

Effort to be Made to Organize a Scout master's Reserve Corps—Other Activities.

The big event in the Scout calender each year is Anniversary Week. From February 8th to 12th inclusive an interesting program has been suggested for the celebration of the eighth birthday of the Boy Scouts of America. The Boy Scouts of America at eight years of age is full of strength and vigor and promise for the future. All who are now members are having the benefit of the movement at the most interesting time in its history as well as the most important time in the history of the world, says Boys' Life, the Boy Scouts' Magazine, for February. Life was never so full of opportunity as today, and the Boy Scouts of America, because of the effectiveness of its program and the character of its membership, is playing a mighty important part in the affairs of our nation.

The Boy Scouts of America is going to make a definite effort to organize a Scoutmasters' Reserve Corps. This means that men who are unable to actively serve in the Army or Navy and their various branches are to be urged to enlist for service as scout leaders, says Boys Life, the Boy Scouts' Magazine, for February. They not only want enough newleaders to take care of the work of the men who are patriotically responding to the country's call, but sufficient men of the right kind to organize new troops. They hope to have during the year 1918 at least 200,000 new boys.

Yesterday Morning's Fire.

The city fire department was called to the corner of Patrick and Gibbon streets yesterday morning about 8 o'clock by a small fire in a house occupied by Samuel Walker. The flames were put out with the aid of a hand extinguisher but not until damage to the extent of about $30 is reported to have been done.

The funeral of Mrs. Hugh H. Powell, who died Saturday afternoon at her residence in Del Ray, Alexandria County, will take place at 2 o'clock tomorrow afternoon, from Wheatley's Mortuary Chapel.

LENTEN RULES RELAXED

Ban of Eating Meat and Fish Together is Removed by the Pope.

Members of the Catholic church in Alexandria will be interested in the important changes in the Lenten regulations which have been announced by Pope Benedict XV, and will go into effect immediately. Some of the rigors of fasting and abstinence prescribed for the Lenten season, which begins Ash Wednesday, February 13, are considerably abated, the most important change being the removal of the prohibitions against eating fish and meat at the same meal.

Another change in the cessation of the Lenten fast and abstinence at noon on Saturday of Holy Week and a change in the weekly meatless days during Lent, Saturday is substituted for Wednesday, meat not being allowed on Fridays or Saturdays except after noon on Holy Saturday, but it will be allowed Wednesdays except on Ash Wednesday and Ember days throughout the year.

Men serving in the army or navy are allowed to eat meat on all days of the year except Ash Wednesday Christmas eve, Good Friday and the forenoon of Holy Saturday The bishop of each diocese may grant permission to working people and their families to eat meat on all days of the year execpt Fridays, Ash Wednesday, Holy Week and Christmas eve.

The obligation of fasting still remains for the members of families who are not exempt by reason of age of infirmity or the laboring character of their occupations.

DELIVERY EXPENSIVE.

Estimated at $75,000,000 a Year for Groceries Alone.

Some idea may be obtained of the cost of delivering goods bought at stores from an article written by Ida Tarbell, a famous contributor, in the Woman's Home Companion February, in which she writes about women carrying their own packages and ordering more sensibly.

"The cost in men and money of thoughtless ordering is staggering. Since the government turned its attention to this matter various careful investigations have been made, with a result that really ought to make us all ashamed of ourselves; that is, if we have any feeling at all, as most people have, for the orderly, efficient doing of things. One careful research body declares that in the ordinary retail grocery stores of the country the expense of delivery is 8 per cent of the net sales. It was found that in Washington city 7 1-4 per cent of the gross sales of all products was spent in delivery.

"The commercial economy board, a committee of the Council of National Defense, has been pushing the problem of delivery reforms the hardest. It declares that we could easily release half the men, the money and the equipment employed in delivery if we would set about it in intelligent and determined fashion.

"Something of what this means will be seen if we consider what it takes simply to take care of the work of the retail grocery stores of the country. There are more than 200,000 of these shops. They employ more than 100,000 men in deliveries and as many wagons and trucks. The cost of the business is something like $75,000,000 a year."

END OF HOHENZOLLERNS.

Preacher From Germany Thinks Teutons Will Revolt.

An Atlantic Port, Feb. 4.—Opinion that unless the war ends within the year 1918 there will be a revolution which will overthrow the Hohenzollerns in Germany was expressed by the Rev. Aloysius Daniels, of Hewitt, Wis., upon his arrival here from Germany by way of Switzerland.

"The people of Germany are starving." said Mr. Daniels, who for three years has been studying in Westphalia. There are few left who are more than 50 years old, all succumbing to lack of nutrition, while the death rate among the children is frightful.

"President Wilson is anathematized throughout the empire, but hardly worse than is the Emperor, while what is said openly of the Crown Prince is not to repeat.

"'I believe they will quell this incipient revolution. but there will be another unless the war ends before next year, and that one will be the end of the Hohenzollerns."

GEN. T. SHRYOCK DEAD

Grand Master of Maryland Masons Succumbs to Pneumonia at His Home in Baltimore.

Gen. Thomas J. Shryock, president of the lumber concern of T. J. Shryock & Co., Inc., the first Republican State Treasurer of Maryland, and the leading Mason of the State, died yesterday morning at his home, 1491 Madison avenue, Baltimore.

He had been ill only two or three days. He was attacked with a chill Thursday night at the concluding session of the reunion of the Scottish Rite Masons at the Masonic Temple, and left for home about 9 o'clock. He was obliged to remain in bed, and Saturday night Dr Julius Friedenwald, his physician, pronounced his case double pneumonia.

General Shryock died shortly before 4 a. m., conscious to the last, but giving no indication that he felt his end near.

The news of his death yesterday morning came, consequently, as a shock to thousands of this friends throughout the city.

Aside from his interest in the lumber firm, which he founded, he was identified with a number of large business organizations of the city, including directorships in the Chesapeake and Potomac Telephone Company, the Gas and Electric Company and Merchants and Manufacturers Association His chief post was as the head of the State's Masons, over whom he served for 33 years as grand master, the longest term in the history of the order.

He was 67 years old and a native of Virginia, his parents being Harry Shryock and Anna Ophelia Shields.

General Shryock had many acquaintances in Alexandria, He had been a regular attendant at the meeting of Grand Masters in this city on the 22 of February each year.

AMERICANS IN FRANCE.

"Sammies" Are Now Holding Sector On Lorraine Front.

American forces now are holding a sector on the Lorraine front.

Official confirmation of this report was obtained from the War Department last night.

The exact point of the line at which Gen. Pershing's men are in contact with the enemy was withheld for military reasons.

The front-line trenches occupied by the Americans are about a half mile in length. This position will be gradually extended.

The statement that the United States troops have taken over a portion of the front in Lorraine followed closely Secretary Baker's admission that Gen. Pershing had sent his men into the actual fighting.

All of the American contingents in France have been under fire during the final days of their training Front-line trenches were taken over before Christmas. These moves were preliminary, however. The French later relieved the Americans.

Save The Hens.

Washington, Feb. 4.—Every laying hen sold from the farms before the first of May means a loss of about 80 eggs to the food supply of the Nation. These eggs are valuable food manufactured largely from insects, weeds, and grass, garbage and waste. The eggs, therefore, are almost wholly a net gain in human food Moreover, the hen is just as good meat after she has laid these eggs as before.

Save the hens is the message that the United States Department of Agriculture is sending broadcast through press notices and posters, and through its county agents, especially in the southern poultry-raising sections.

At The Lyceum.

Among the features in connection with the play to be given at the Lyceum on Thursday and Friday nights will be the introduction of Mr. Al Gerber, the New York song writer, who will sing his own compositions. There will also be solos rendered by Mrs. George Pickett, of this city.

URGES GREATER EFFORT

Plea Made for Liberal Support of the Campaign for War Camp Community Service.

Richmond, Feb 4.—Declaring that he is never happier than when working for the comfort and aid of enlisted men in Uncle Sam's service, John M. Miller, jr., president of the First National Bank, of Richmond, and treasurer of Virginia's $200,000 War Camp Community Service campaign, has addressed a letter to every county chairman. Mr. Miller urged the campaign workers to use their best efforts to make the drive a success, and to send in their reports and remittances promptly, as the campaign closes February 15.

In his appeal to the chairmen, Treasurer Miller wrote, in part, as follows: "With the express approval of President Wilson, there has been organized the Camp Community Service, and a campaign is now on foot to raise a fund of $4,000,000 throughout the United States. Virginia's apportionment is only $200,000, and nearly one-half of this amount has already been raised. Our soldier boys must be afforded wholesome and healthy entertainment, both for their moral and physical welfare. They are fighting for us, and we at home must work for them and contribute funds in proportion to our ability.

"Virginia must do her part in this campaign. We know that you are busy, but I do not believe that anybody is busier than the members of our committee, and where important work of this character must be done we must rely upon the busy men to do it.

"You will doubtless meet people in your canvass who will complain of the repeated sociatations for good causes. Let me say that I have met such people, and my reply is that I am never in my life happier than when working for the comfort and aid of the soldiers and sailors, the defenders of my home, family, friends and property and I consider it a privilege to do such work.

"Furthermore, I would feel hurt if not called on for work and money to help win this war. It will never be won by the United States and our allies unless we awake to the necessity of each and every citizen doing his or her part."

Liberal support for the campaign is urged, in a resolution adopted by the Virginia State Council of Defense before that body sent its resignation to Governor Davis. The text of the resolution follows:

"Whereas, the Commonwealth of Virginia has played a most important part in every war in which this nation has been engaged, and, whereas, in this great conflict more enlisted men will in all probability be trained in Virginia than in any other state in the union, and

"Whereas, it is our patriotic duty to see that the camp communities be made safe for these enlisted men, and that Virginia extend to them the hospitality of which she is justly famed, and

"Whereas, this burden is too great to be borne solely by the immediate camp communities, therefore be it

"Resolved by the Virginia State Council of Defense that we call upon the good people of Virginia to support most liberally with their dollars and their time the War Camp Community Service campaign, which is being conducted in this state, to raise Virginia's $200,000 quota of the national fund. The council calls upon the individuals and also the chamber of commerce, Rotary clubs, farmers' organizations, the public schools, the ministers, the womens' clubs, the fraternal societies and all other agencies that have the welfare of our young men at heart, and that desire that America send overseas a clean army with a high morale."

Virginia's campaign will come to a close February 15.

ADVOCATES ECONOMY.

Heralding the advent of effort for greater efficiency and economy in the administration of State affairs Westmoreland Davis, in the address to the General Assembly marking his first official act as Governor of Virginia last Friday outlined policies whose practical effect will be to abolish all sinecures that may be lurking in either the judicial, legislative or executive's department of the government. The keynote of the new chief executive's message was his advocacy of "efficient government economically administered."

That part of the address most ominous to those who may be employed in workless jobs for which the State pays good salaries was where the Governor said: "I promised during my term of office to discountenance the creation of new offices unless rendered necessary by extraordinary circumstances incident to the present war, arguing that further governmental activity should be administered in connection with existing State offices. I feel sure my attitude will find favor."

This is taken to mean that the Governor will veto bills creating the Virginia Industrial Commission and the Virginia Board of Moving Picture Censors if passed in their present form, which would create six offices requiring salaries approximating $24,000 a year It is not believed, however, that he will oppose them if they are so amended as to place the work of the new offices in the hands of officials already on the pay roll, and whose time is not now fully occupied.

WOULD GILD THE SORROW.

Count von Roon, a German nobleman, has lost his fifth son in the war. A dispatch from Breslau to the Vossische Zeitung of Berlin says Emperor William sent a telegram to the count expressing his deep regret, and adding:

"I think of the deep sorrow which had previously fallen upon you by the death of a wife and also of your four sons fallen in battle, and express my warmest sympathy in this new loss to you and your son's widow. May your pain be soothed by the certainty that the German people are proud of the fathers and sons who, to the honor of their famous names, willingly sacrifice their lives for the fatherland. May God stand by you with His consolation."

A German writer recently said that crape had during the past three years and a half been placed virtually upon every home in the Fatherland—except that of the Kaiser. The attempt to veneer the sorrows of others who have suffered bereavements incident to Germany's war of conquest will not molify in the least the distress of those who have made the sacrifices

IRON HEEL OF DESPOTISM

The statement from Berlin that strikers in munition factories, shipyards, etc., should they refuse to return to work today, will be court martialed immediately and shot forty-eight hours after they shall have been convicted, will give the German people an idea of the iron heel of despotism under which they live.

There are many cases in which strikes are not justifiable, but it would seem that in the case of the German workmen there are extenuating circumstances. They are hungry and they want peace. Besides, their children have been killed in battle, and, should the present carnage continue, thousands of others will be called upon to offer their lives upon their country's altar.

We have no idea of the result of this cruel edict. But little news of actual conditions in Germany will be allowed to seep through to the outside world

Editor Gazette:

My attention has been called to the article published in the Gazette on Friday concerning the "Cash and Carry" system adopted by grocers in certain cities. Am glad that the matter has been brought to the attention of the people in Alexandria and sincerely hope that every housewife in the city will insist on having it adopted, not only by the grocers, but by merchants in every line of trade.

Although my husband is a working man and we depend upon his salary each week for our daily living, no groceries or merchandise of any kind is allowed to come into our home without it is paid for before it leaves the store. And yet I find that in some stores we have to pay just as much for the groceries and other goods we purchase as those who buy on credit and have everything charged. That system is neither just or fair, in any respect. It is an injustice and one of the reasons why we buy everything we possibly can at certain stores where groceries and other goods are sold for cash only, and at price we know is right. By so doing we find that we get fresher goods at lower prices, which means a large saving in the course of a year.

In conversation with other housekeepers I have been gratified to see that they are deeply interested in this matter of the "Cash and Carry" idea, and that they propose to trade where they can get the benefit of it.

FATEFUL DAY IN GERMANY.

Masses Gagged and Marched to Work at the Point of the Bayonet.

London, Feb. 4.—Today will a fateful day in the worlds history. No one can foretell what today's developments in Germany may bring forth. Over the week-end the iron hand has taken a strong grip on the strike situation and a place in front of the firing squad awaits all strikers who refuse to return to work in the factories under government control.

Whether the hatred of war conditions and the loathing of iron discipline which has driven them from one sacrifice to another has reached a point where the masses are ready to disregard the extreme threats of the militarists will be determined today.

Hundreds of thousands of German men and women have shown in the last week that they have lost faith in the militarists, that they no longer believe the promises of their rulers, that they consider prolongation of the war poor business, and now they must decide whether to return to work or face the penalty that awaits spies and traitors.

The latest news from Germany tells of rioting and exciting scenes in the working class sections of Berlin, with the arrests of many men and women in various parts of the city.

The masses, gagged and marched to work at the point of the bayonet, will hold that respect and loyalty for the militarists that they showed when they followed them into war forty-two months ago. But the question remains, can the German militarists prepare their next campaigns with the confidence they showed in the first, or even in the third year of the war?

Can you force morale into an army or into a nation by iron discipline?

RETAIN EXTRA FARES.

No Refund to Passengers Who Neglect Buying Their Tickets.

Railroads operating in Virginia may now retain the extra fare charged passengers who board trains and who do not purchase tickets for their journeys. Such is the ruling made by the state corporation commission on the application of the railroads in a joint petition. The ruling stipulates that passenger stations shall be opened for the sale of tickets at least thirty minutes prior to the departure of a train, and when such is the case and no ticket is bought the passenger must pay the extra fare of ten cents, and the railroads will be allowed to retain such fare If there shall be no opportunity on the part of the passenger to buy tickets then the fare must be returned at the destination of the passenger. In the past the passengers have had refunded all excess fares paid by them when tickets were not purchased, the agent at the destination of the passenger refunding and taking up the rebate check. Now no such rebate check will be furnished to any passenger when there was a chance to buy the ticket prior to the departure of a train.

AGED WOMAN IS MURDERED.

Body Found in Woods Shows Victim Was Shot and Brutally Beaten.

Talladega, Ala., Feb. 4.—Body of a white woman, found in a pine thicket, about one mile from Talladega Thursday by two negro hunters, was identified as that of Mrs. Mollie Woods, sixty-five, of Howells Cove. Mrs. Woods was last seen January 19, on her way to Ironton.

The body bears marks of the foulest murder. One of the jawbones was lying some distance from the body. Several fingers had apparently been shot from the right hand. Blood on the limbs and knees indicated that some shot had struck that part of the body. Scattered hair and bloodstains about twenty-five feet away led to the belief that she had been beaten and shot at that point, and the body dragged near a tree.

SEVEN CHILDREN KILLED.

Northern Pacific Train Hits School Wagon, Scattering Injured Along Right of Way.

Moose Lake, Minn., Feb. 4.—A Northern Pacific train struck a bus in which twenty school children were riding here late Friday, killing seven. None of the passengers or members of the train crew were injured.

Some of the bodies were mangled beyond recognition. Passengers aided doctors and nurses in attending the injured, three of whom may die.

The train struck the bus, a boxlike affair without windows, squarely in the middle reducing it to kindling wood. Carl Mueller, the driver, said he was unaware of the approach of the train.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side...

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-137

From People You Know—From Alexandria Citizens.

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Alexandria, of people who can be seen at any time. Read the following case of it.

Mrs. Mary Ticer, 300 N. Alfred St., Alexandria, says: "I have taken Doan's Kidney Pills on several occasions and in each instance they have proved to be all that is claimed for them. I know of nothing so good for one suffering with a lame back.

FIRE AT BLUE RIDGE SCHOOL.

Main Building Destroyed With Loss of $20,000—Snow Saves Dormitories From Flames.

Charlottesville., Feb. 4. — The main building of the Blue Ridge Industrial School, located in Bacon's Hollow, at the foothills of the Blue Ridge Mountains, twenty-five miles northeast of Charlottesville, was totally destroyed by fire, together with its contents, at an early hour Friday morning. The building, a three-story structure, contained an assembly hall, five large classrooms and a library. The loss, about $20,000, is partially covered by insurance. That the boys' and girls' dormitories were saved is due to fact that snow covered the roofs of those buildings. The school was founded by the Archdeaconry of the Blue Ridge, under Rev. Frederick W. Neve, and is supported by contributions of friends in the Diocese of Virginia and in Philadelphia, New York and Boston. Its superintendent Rev. George P. Mayo, is now in New York City.

5 PER CENT CASH DISCOUNT

Beginning Feb. 1st we are putting our business on a strictly cash basis with all our customers.

IN THE FUTURE WE WILL ALLOW A 5 PER CENT CASH DISCOUNT ON ALL WORK AND ACCESSORIES, BUT NOT ON FORD CARS OR PARTS.

In making this change in the policy of doing business we feel that it will enable us to serve our customers to a better advantage and give them a lower cash price on our goods than we have been able to do in the past.

Town Car	$645	Chassis	$325
